

CALL FOR PAPERS

The Department of Languages of the Institute of
Languages,
Sports and Social Sciences
Faculty of Mechanical Engineering STU in Bratislava

is delighted to invite you to attend the conference

Perspectives of Foreign Language Teaching for Professional Communication in Tertiary Education

which will be held on

**28th March 2025 in
Bratislava**

Venue:

Hotel Tatra Bratislava
Námestie 1. mája 5
811 06 Bratislava
Slovak Republic

THE AIM OF THE CONFERENCE

The aim of the conference is to present and promote dissemination of the latest trends, experience and research outcomes in teaching foreign languages for professional communication in tertiary education. Presentation of a wide range of research in foreign language teaching will contribute to the effectiveness of different approaches to teaching professional communication in foreign languages. Cooperation among academics, practitioners and researchers will facilitate the implementation of innovative methods in education. These include computational, information and communication technologies offering flexibility, which leads to faster data processing and designing of study materials. The conference will also focus on strategies designed to enhance autonomous learning, communication competence, specialist and academic lexical competence in intercultural and interdisciplinary contexts.

THE CONFERENCE THEMES AND TOPICS

Teaching foreign languages with the focus on professional communication
Modern technologies and teaching foreign languages
Didactics of foreign languages and professional communication competence development
Applied linguistics
Linguistics and literature in foreign language teaching
Corpus linguistics and its use in teaching foreign languages
Applied language teaching methods
Development of plurilingual and intercultural competences in foreign language teaching
Strategies for the development of language communication skills
Artificial intelligence and its use in teaching foreign languages
CAT tools for computer-assisted translation and their use in foreign language teaching
Cultural approaches in foreign language teaching
Integrated approach to teaching foreign languages

Conference section for doctoral students:

Practical application of academic skills principles in a foreign language:
Contributions by students focused on a specific area of research in their field of study (in English)
